Dear Minister

**Road safety at unsigned crossing points on A40 near Millbrook Farm, Llanhamlach, Brecon**

I am writing on behalf of Llanfrynach Community Council to submit a formal request to the Welsh Government for action to reduce the road safety hazard at three unsigned crossings through the central reservation of the A40 dual carriageway near Millbrook Farm, Llanhamlach, LD3 7YA. The issue is described on the attached map, along with photos.

The crossings are important for local traffic, particularly from the farm. The North and Mid Wales Trunk Road Agent is well aware of the hazard caused by these crossings and the unusual lack of warning signs or road markings. There is a record of accidents at them, and the A40 was closed by one such accident earlier this year. The Community Council, along with local residents and the farmer, would like warning signs and road markings to be installed. Your Agent's Route Manager has confirmed to the Community Council that any such measures must be authorised by your Department.

The Community Council looks forward to your Department's early response and action to address this issue.

Yours truly,

BH Fox
